

A PROJECT FOR KOP VAN ZUID-ENTREPOT

**VITRINES
OF
ZUID**

**A PROPOSAL BY:
LA CAMPISTANY**

THE REPORT

THE CONTEXT

Vitrines of Zuid took place on the 11th and 12th of December in the neighborhood of Kop van Zuid-Entrepot and the Noordereiland. Due to the Covid- 19 restrictions of the moment (when all events should be done by 17pm), the event took place from 15 to 17pm. Because of the situation, the attendants to the event had to previously reserve their spot sending an email to vitrinesofzuid@gmail.com. Like this, we could keep communication with them in case of a positive case within the attendants (which fortunately did not happen).

As a reply, they would get their spot confirmation and the instructions for the walk (such as bringing a covid19 QR code, a smart phone which could scan qr codes, a mask and winter clothes).

THE WALK

Vitrines of Zuid consisted of a guided walk through the neighborhood of Kop van Zuid and the Noordereiland. The walkers discovered the different spots of the neighborhood as well as a bit of its history thanks to three key elements:

- A set of (silent disco) headphones
- A map from the route
- The performances in the vitrines

THE REPORT

A SET OF HEADPHONES

Through the headphones, the walkers heard information about the different locations where the performances took place, as well as different spots we walked by. Throughout the walk we visited the following 6 locations: The Poortgebouw, a neighborhood building in the Stieltjesstraat (in front of the Maas), the Hef Park, the Koninginnebrug, the Koozie cafe and Tante Nino.

From their headphones, the walkers got information such as the history of the buildings, recorded and live interviews with the neighbours and facts about the projects and initiatives which take place in the neighborhood.

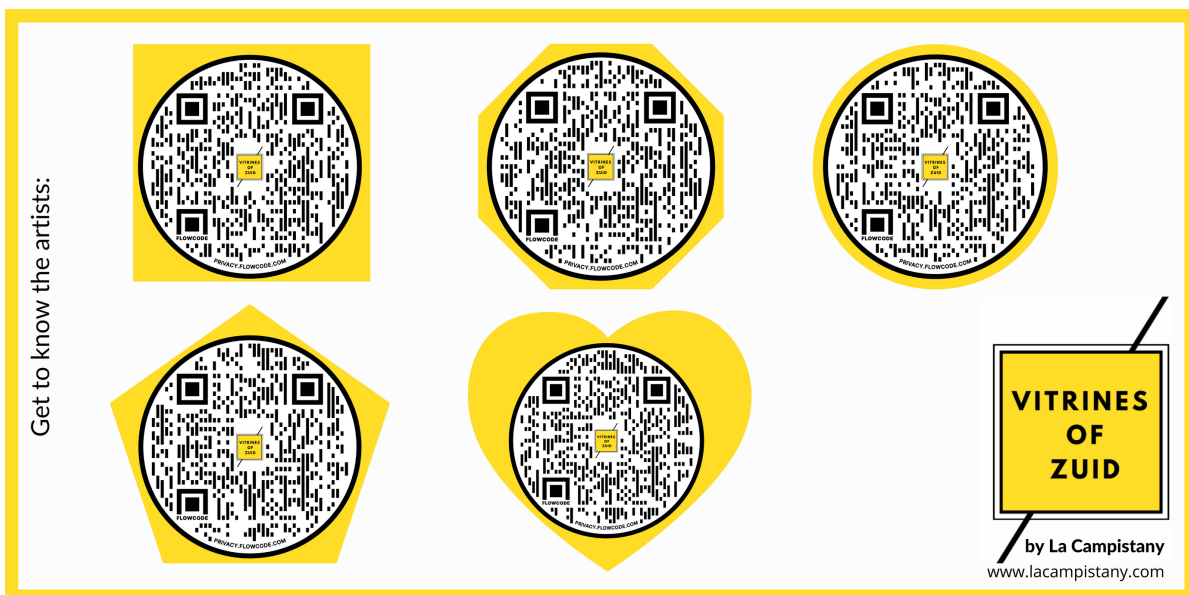

THE REPORT

A MAP OF THE ROUTE

Complementing the headphones, the walkers also got a map that they could take home with them. The front side of the map showed the walkers the route that they visited in the neighborhood.

The back side of the map got them to know information about the performers of the route. The shapes in the are placed on top of each performance location. Each qr code connects to a link where one can get information about every artist.

THE REPORT

THE TEAM

Hygin Delimat: Contemporary dance at the Poortgebouw

Erin Burly: Handstand and Contorsion at the Hef Park building

Batist van Baekel: Club Juggling at the Stieltjesstraat, 8.

Paula Alvalá: Aerial Lollipop at Koozie Café.

Júlia Campistany: Guide of the route

Zè Malandro: Guide of the route and percussion

Yiorgos Bereris Quartet: Concert at Tante Nino

Yiorgos Bereris (Piano)

George Constantinou (Bass Guitar)

Ektoras Remsak (Drums)

Panos Skouteris (Clarinet)

The project has been videographed by Will Blenkin and photographed by Silvia Arenas and Mannon Verplancke.
